6. Select a pizza and size

The screenshot shows a web application titled "Pizza Menu". It features a table with 9 rows of pizza options. The first row is selected. Below the table, there is a "Pizza Size" dropdown menu with "Select Pizza Size" as the current selection. To the right of the size dropdown is a price input field with a dollar sign and a text box. Below the size dropdown is a "Quantity" dropdown menu with "1" as the current selection. To the right of the quantity dropdown is a "Proceed To Checkout" button. A blue "Add to order" button is located to the right of the price input field.

8. Check the order details

The screenshot shows a window titled "OrderDetailsForm" with a standard Windows-style title bar (minimize, maximize, close buttons). The main content area has a light gray background. At the top center, the text "Order Details" is displayed in a bold, black font. Below this, there is a vertical line separator. Under the separator, there are five rows of labels and text input fields: "Customer Name", "Customer Phone Number", "Customer Address", "Total Before Taxes", and "Total After Taxes". Each label is aligned to the left, and its corresponding text input field is to its right. At the bottom of the window, the text "Thankyou for your Order at HR Pizza" is displayed in a bold, black font.
